

# Let the Dream Come True (Luke's Mix)

DJ Bobo

Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
What I'm gonna do without you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Let the dream come true Kick it, tip it, flip it, sip it, shake your budy 'round, get wicked  
Use the door get on the floor, I still got more for you to store  
Get on your feet, it's treated unique, just feel the heat and get back to the beat  
Rube dup, rube dup, rube dup, rube dup, jump and shake your body, wine it  
Up  
Everybody shake your body, d.j. bobo starts the party  
Up and down, here we go, don't look back, just let it flow  
Up and down, don't loose your crown, what goes up must come once down  
Now hold tight, everything's alright, there's no need to fight tonight Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
What I'm gonna do without you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Let the dream come true It's a break, I don't mean a fake, open your ears, it's not a mistake  
The music is strong and I made these rhymes, party time 'cause the time is mine  
So let's go down, down on the floor, I want to give you what you are waiting' for  
You know what you want and you want it now  
You know what you want when you hear the sound  
Swing your body and have some fun, now you're on the run  
This track has just begun, it's done for fun and hits you like a gun  
Jump up and down, toss and turn, right to the ground before you burn  
Pump the bass right in your face, just in case we start the race Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
What I'm gonna do without you, let the dream come true  
Not a broken heart, now we gonna start  
It's for me and you, let the dream come true  
Let the dream come true First I waited, then created, didn't debate it, just made it  
The feeling is strong, so keep coming on

With the bass and the drums there's nothing wrong  
Now get on up, take your shoes, swing your body, get wild and loose  
One, two, three, four, tipping' and tapping', slipping' and slipping', there's no stoppin'
