Flowers

The Clean

I'm in love and I want you to
I'm in love and I want you to
I'm in love and I want you to know thatWhen I look on a summer's day
When I look on a winter's night
No matter where I look I see youI'm full up and I want you to
Guess what I'm full up of
I'm full up of guessing what you wantSo I run after you again
But it does no good you'll find
I always seem to take a wrong turn
