

# Origins

## Hammerfall

Once upon a time not far away  
We all swore the oath to seize the day  
Moving on at the speed of light  
Still united, undivided We're brothers in arms searching for gold and glory  
Stay true to your heart, come follow, heed the call  
But nothings's forever, no nothing at all Come inside, true templars of the world  
Rais your voice, let's speak for the unheard  
On and on the story must go on  
Running free we always will be  
We are what we are and we always strike for glory  
Together as one we shine like the sun  
Beyond the divine we're soaring Shining on so glorious, the bloodline of true warriors  
Fighting for the right to be, part of the legacy Searching for the rainbow's end  
The gold awaits for you my friend  
Courage is your guiding star  
And it will take you far Shining on so glorious, the bloodline of true warriors  
Fighting for the right to be, part of the legacy  
Searching the rainbow's end  
The gold awaits for you my friend  
Courage is your guiding star  
And it will take your far
