Burn Me

Apollo Drive

Throw it in my face
This is out of my control
A million stones coming my way
And no I got no shelter from this storm

(but) Oh Iâ€™ll get by
if you stand by my side
Oh Iâ€™ll get by

Burn me, burn me
Let me in on all your shadows, Let me in on all your lies

Burn me, burn me
Take me to your darkest room while youâ€™re at it, while youâ€™re at it

Oh no matter what you do
Iâ€™m gonna love you love you love you
Cause I know we all got our wars
So please let me fight yours

(cause) Oh Iâ€™ll get by
got a way through the night
Oh Iâ€™ll get by

Burn me, burn me
Let me in on all your shadows, Let me in on all your lies

Burn me, burn me
Take me to your darkest room while youâ€™re at it, while youâ€™re at it
