

Rise (Demo)

A Skylit Drive

Some days I feel like a loaded gun
I paint a target on everyone
Get off your knees 'cause I'm telling you
What's done is done (What will you do?)(Run!) (You) run
Run!
You think you're running away
(I think you're running in place)
Run!
Run!
Well I got something to sayDo not pray for an easy life
Pray the strength to walk the line
I see a hope that's hard to find
So don't run away
Away
AwaySome days I feel like I'm fucking done
I'm waging war against everyone
It's killing me like it's killing you
What's done is done (What will you do?)(Run!) (You) run!
Run!
You think you're running away
(I think you're running in place)
Run!
Run!
Well I got something to sayDo not pray for an easy life
Pray the strength to walk the line
I see a hope that's hard to find
So don't run away
Away
AwayDo not pray for an easy life
Pray for the strength to walk the line
I see a hope that's hard to find
So don't run away
Away
Away!(Lie!)
Pray for any lie
Pray for the, fight for the
Violence for life!Do not pray for an easy life
Pray for the strength to walk the line
I see a hope that's hard to find
So don't run away

AwayDo not pray for an easy life
Pray for the strength to walk the line
I see a hope that's hard to find
So don't run away
Away
AwaySo don't run away
Away
AwaySo don't run away
Away
Away
