

Mr. Right Now

Pitbull

Hello, my name is not Mr. Right but you can be my missis tonight
I know we're only fooling around, I'm never gonna be your Mr. Right
But I'ma be your Mr. Right now, right now, right now, right now
Broken rules have broken laws have broken hearts have broken all
And if you put me on baby I'll break you off, this is the third mundo, take it off, haha
You know the game plan, I'm a quarter back with options
I wanna go deep, hell mary, amen,
But tell your friend don't block us, our ... can watch us
You know what time it is with no watch us
I'm not Mr. Righteous, I'm Mr. Right now, baby
Hello, my name is not Mr. Right but you can be my missis tonight
I know you're looking for a good guy, but I can guarantee a good time
Hello, my name is not Mr. Right but you can be my missis tonight
I know we're only fooling around, I'm never gonna be your Mr. Right
But I'ma be your Mr. Right now, right now, right now, right now

Mama you can't be seriously, looking for something serious me
I'm a lot of fun, best bang, no headaches, I hit and run, haha
You can thank me later, give me a second let me thank these haters
Thank you I can push, spoon, nimble, lick, bite, oh, and spank you
You can call all your girls over ...
Let me buy them a drink too, I'm not Mr. Right, I'm Mr. Right now, baby
Hello, my name is not Mr. Right but you can be my missis tonight
I know you're looking for a good guy, but I can guarantee a good time
Hello, my name is not Mr. Right but you can be my missis tonight
I know we're only fooling around, I'm never gonna be your Mr. Right
But I'ma be your Mr. Right now, right now, right now, right now
Right now, right now, right now, right now
Hello, I'ma be a Mr. Right now, I'ma be a Mr. Right now,
Hello, I'ma be a Mr. Right now
I'm never gonna be a Mr. Right, but I'ma gonna be a Mr. Right now, right now.
