

This Time

Backbloom

You've hurt me for the last time
These dreams we had are not mine
They never ever ever wereIt's funny how you couldn't see
All the things that I could be
And you never ever ever willDon't tell me it's okay
Your deviant innocence
I did things your way
Now wise up to circumstanceThis time I'm gone
This time, I'm not pretending anymore
aaaaaaaaaahhhhhhhhooooooooooooooForgiveness won't be easy
You've always had a hold on me
Now you never ever ever willThe wait is finally over
No more crying on a shoulder
That was never ever ever thereDon't tell me it's okay
Your deviant innocence
I did things your way
Now wise up to circumstanceThis time I'm gone
This time, I'm not pretending anymore
Aaaaaaaaaaahhhhhhhhoooooooooooooo
