

I'll Wait (E-Smoove Hot mix)

Taylor Dayne

I'll wait by the window
I'll wait by the door
To make sure you don't come home after dark
Now, I'll wait by the phone I'll make sure I'm at home
I'll be there when you're needin' you know what
Now, I can tell you, by things you do
You don't know that I've been watching you Now, I don't understand your games or crazy plans
I'm here for you baby, stop playing with my mind
Well, I know what I feel inside
I trust enough in what my heart tells me Haven't I been good the way I should
Just act like a man and stay here and stand by my side
I'll wait just a little more time
Just a little more time To move in a new direction
I'll wait just a little more time
Till you make up your mind
You know that you needed me too Why are you feelin' so scared and unwilling
To be there, when someone's there for you
Why time has to be so unkind for no reason
But love has no measure, this is true Well, I know what I feel inside
I trust enough in what my heart tells me
Haven't I been good the way I should
I'm willing, I'm able I need you to give me a sign
I'll wait just a little more time
Just a little more time
To move in a new direction I'll wait just a little more time
Till you make up your mind
I know that you needed me too
I'll wait, yes, I'll wait Just a little more time
Baby, new directions
I'll wait just a little more time
Till you make up your mind I know that you needed me too
Baby, haven't I been good to you
The way that I said I would be
Why are you leaving me now Well, I know what I feel inside
I trust enough
In what my heart's been telling me
Haven't I been good the way I should I'm willing, I'm able
I need you to give me a sign
