

More for Me

Tegan and Sara

On, and on, and on, and on, and on
On, and on, and on, and on, and on Had a bad day
As bad as they come
So it's time to get a real job, you gotta stop having fun
So I get a real job, I'm working nine to nine
I'm making five bucks an hour 'til the day I die Got a straw inside of me and it's filled just fine
Got a straw inside of me with the strongest wine
I'm one third passion
But I am two thirds pride
I said I used to have a life once
He said, I used to like your smile once Silence to the world
But the stars kept marching
Silence to everyone, I said, I'm still talking Have you got some more deep inside of you
Yes, I'll always have more for me
Yes, I'll always have more for me
You'll have to wait in
Say, I got a picture of the way the world has summed me up
If I could have one wish, I sure wish that I had never grown up
I got a picture of the way I looked when I was three
I came out laughing,
I came out screaming,
I came out dancing And we go on, and on, and on, and on, and on
Yes, we go on, and on, and on He said, have you got some more deep inside of you
Yes, I'll always have more for me
Yes, I'll always have more for me I used to be free spirited
But now I'm just free of sleep
I've got a burning passion in my throat
I've got a burning passion inside me
I've got a job that wastes my time and gift
I've got a life that needs a serious lift
And, all the things I wanted
Yes, all the things I want go, On, and on, and on, and on, and on
I say go on, and on, and on, and on, and on Well, they go on, and on, and on, and on, and on
Yes, we go on and on and on He said, have you got some more deep inside of you
I will always have more for me
I will always have more for me Said, have you got some more deep inside of you
I will have more for me
I will always have more for me He said, silence, silence, silence
Everyone

To everyone Everything I want
Everything I want
Everything I want
Goes,
Everything I want
Goes,
On, and on, and on, and on, and on
Goes,
On, and on, and on, and on, and on
On, and on, and on, and on, and on
On, and on
