

# Love Again

Zara Larsson

I was lost alone in the dark  
Broken up falling apart  
Burning out a sign of a spark  
But that's all over now over now

So I ran I ran out of ground  
It's like the earth was pulling me down  
A string of hope nowhere to be found  
And that's all over now over now

My luck has finally turned  
My life is a brand new world

Now I found someone  
Who makes a million lights?  
Who can jump not just start in the sky  
And it feels like I'm starting to love again  
Yeah I found someone  
Who can make me shine so bright  
Till I'm right isn't right its so high?  
And it feels like I'm starting to love again

I got up felt my fear  
But now afraid of taking the leap  
I'm not afraid afraid to believe  
Cause that's all over now over now

Inside a fire burns  
My life is a brand new world

Now I found someone  
Who makes a million lights?  
Who can jump not just start in the sky  
And it feels like I'm starting to love again  
Yeah I found someone  
Who can make me shine so bright  
Till I'm right isn't right its so high?  
And it feels like I'm starting to love again

Oh whoa whoa

Yeah  
Love again  
Hey yeah yeah yeah yeah  
Hey yeah yeah yeah yeah  
Hey yeah yeah yeah yeah  
Starting to love again
