

Blood of Tyrants

Exciter

In the grave of victims' past
Lies evil - Sacred ground!
The wrath of doom resists the right
To sacrifice innocent blood Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants Disturb the dead for vengeance reigns
Immortal rage awaits to massacre
Slay the beast; The tyrant's call
To kill the shadows of war Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants (SOLO) In the grave of victims' past
Lies evil - Sacred ground!
The wrath of doom resists the right
To sacrifice innocent blood Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
Give me blood - Give me blood! - of Tyrants
