It's Over

Beatrice Eli

Bang my head into the bars
I'm my own prison guard
And when I think there's no escape
I find the tunnel out this placeOnce I'm free like a bird - It's over
Once my back no longer hurts - It's over
Once I'm resting in the dirt - It's over
So today I'll make it workLet the tears stream down my face
Once again I lost the race
And I don't care for second place
Next time I'll bring my ace of spadesOnce I'm free like a bird - It's over
Once my back no longer hurts - It's over
Once I'm resting in the dirt - It's over
So today I'll make it work
Â¤
Once I'm free like a bird - It's over
Once my back no longer hurts - It's over
Once I'm resting in the dirt - It's over
So today I'll make it ..
