

# It Really Is (A Wonderful Life)

[Mindy Smith](#)

The snow has fallen like it does every year  
The tree I know so well is aglow  
And folks are filled up with the usual holiday cheer  
As they hang pretty lights and mistletoe Oh, but this year is different for you and for me  
Our own little miracle, on our own little street  
Never before have I loved 'Silent Night' so  
But now that you're here by my side Baby, it is, baby, it is  
It really is a wonderful life I'd never noticed that the crackle of a fire  
Makes music when accompanied by kiss  
And when did I start having dreams about pumpkin pies  
There's not a lot that's sweeter than this Oh, but this year is better for you and for me  
Our own little miracle, on our own little street  
Never before have I loved 'Silent Night' so  
But now that you're here by my side Baby, it is, baby it is  
It really is a wonderful life Oh, but this year is better for you and for me  
Our own little miracle, only our own little street  
Never before have I loved 'Silent Night' so  
But now that you're here by my side  
Darling with you, by my side Baby, it is, baby it is  
It really is a wonderful life
