

White Striped Gloves

[Mitchel Musso](#)

Pop Girl. Material Girl, loves dreamin'
'bout the finer things of this world
But She's my girl, do what I gotta do.
Payin to the game,
Get her whatever she wants me too
Girl, I'm buying her the world,
I'm spending all my pearls,
She's got me signing checks and buying jets
I will give her anything she wants
Just to keep her love
But there's one thing that this girl can't have,
That is my white striped gloves
You can anything,
Anything you wanna have,
But you're never gonna get, girl,
That is my white striped gloves
You can have many things,
I can get'cha what you want
But you're never gonna get, girl,
That is my white striped gloves
My white stripes,
Are what caught her eye
They pulled her over like a magnet, and she said that I was
So fly,
These gloves are mine,
They bring the girls to the yard,
I go from ten to twelve, it's hard
You still can't put them on
Girl, I'm buying her the world,
I'm spending all my pearls,
She's got me signing checks and buying jets
I will give her anything she wants
Just to keep her love
But there's one thing that no one can have,
That is my white striped gloves
You can anything,
Anything you wanna have,
But you're never gonna get,

Girl, that is my white striped gloves
You can have many things,
I can get'cha what you want
But you're never gonna get,
Girl, that is my white striped gloves
White Striped Gloves.
I can hear you breathing,
You takin' then you leavin,
Don't act like I can't see
That you want 'em
No, you can't go buy 'em,
No, You can't go try 'em
Got you everything but
These White Striped Gloves
Girl, I'm buying you the world,
I'm spending all my pearls,
She's got me signing checks and buying jets
I will give her anything she wants
Just to keep her love
But there's one thing that no one can have,
That is my white striped gloves
You can anything,
Anything you wanna have,
But you're never gonna get,
Girl, that is my white striped gloves
You can have many things,
I can get'cha what you want
But you're never gonna get,
Girl, that is my white striped gloves
You can anything,
Anything you wanna have,
But you're never gonna get,
Girl, that is my white striped gloves
You can anything,
Anything you wanna have,
But you're never gonna get,
Girl, that is my white striped gloves
