

# 123

## Siriusmo

You're beautiful, more beautiful than the first day we met,  
It's magical and I love you more each day with every breath  
When I look at you, I can see forever in your eyes!  
When I fell for you, you caught me like I was a falling star,  
You know it's true, I wanna be with you no matter where you are,  
I already knew, that we were always meant to be,

Chorus:

Oh, loving you is just like the air that I breath,  
It comes to me so naturally, it's easier than 123.  
Incredible, you're super women in so many ways,  
Powerful, you're a vision of a what perfect is to me,  
And you do it all, with a smile upon your face  
And I promise you, I'll never, ever make you cry,  
We'll tell the truth, we'll never ever speak one lie,  
I wanna love you, until the end of time, yeah!

Chorus:

Loving you is just like the air that I breath,  
It comes to me so naturally, it's easier than 123.  
Loving you, it's just like a sweet melody,  
It comes to me so naturally, it's easier than 123.  
Loving you so easy, it comes naturally to me,  
I don't even have to try, it flows effortlessly,  
I knew it when i saw you that we were meant to be baby!  
You're everything to me!

Chorus: (x2)

Loving you is just like a sweet melody,  
It comes to me so naturally, it's easier than 123.  
Loving you, it's just like the air that I breath  
It comes to me so naturally, it's easier than 123.
