Resuscitate

Freya

The scythe, the hourglass
He hold us in his grasp
So I can't rush in hasteWhen I wait it changes everything
Sometimes it all just falls apart
Sometimes it turns to what I wantBend back the rusty bars
Set the bridges ablaze
Cinders drift in the air
To light the path belowRefused to fall in line
Will not be caged or chained
I know there's more for meAll the pain that I have suffered taught me
I was stronger than I thought
There's enough time to turn back the tideResuscitate all the dreams time killed
Bring them back to life
To let them carry me
Over the broken groundI will not be forced down
Cast the cards that have been dealt away
The future's mine to make out of it
What I will be the one to bring my dreams to lifeBring it back to life
Bring it back to life
Bring it back to life
Bring it back to life
