## Resuscitate

## **Freya**

The scythe, the hourglass

He hold us in his grasp

So I can't rush in hasteWhen I wait it changes everything

Sometimes it all just falls apart

Sometimes it turns to what I wantBend back the rusty bars

Set the bridges ablaze

Cinders drift in the air

To light the path belowRefused to fall in line

Will not be caged or chained

I know there's more for meAll the pain that I have suffered taught me

I was stronger than I thought

There's enough time to turn back the tideResuscitate all the dreams time killed

Bring them back to life

To let them carry me

Over the broken groundI will not be forced down

Cast the cards that have been dealt away

The future's mine to make out of it

What I will be the one to bring my dreams to lifeBring it back to life

Bring it back to life Bring it back to life Bring it back to life
