

# I Am Free

## The Kinks

Sailing in between the land, the air and me  
Confusion never talks [unverified]  
?Cause frame of mind tells me that I am free

I am free

Doors are open wide  
No credits to be seen  
Sail with me my friend  
I need someone, it?s dark  
And it could get lonely

I am free

I am free

I don?t care to be

As similar as[unverified] machines to [unverified]  
And convalesce when society doesn?t need me

I am free
