

# My Nutmeg Phantasy

Macy Gray

Nutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmeg phantasy, you and me  
Can't you see, you and me  
In my nutty nutmegBaby, I know we had a bad day and you are so mad at me  
It don't mean we have to mope around  
Picture us on the moon, happy like a cartoon  
Believe in love and it will come downNutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmeg phantasy, you and me  
Can't you see, you and me  
In my nutty nutmegPicture, if I was understanding and you were less demanding  
And the only time we scream and shout  
Is when we're making love, babe, on top of cloud eight  
Believe in love and it will come downNutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmeg phantasy, you and me  
Can't you see, you and me  
In my nutty nutmegImagine and maybe it will happen, you and me till the end  
Maybe I'll dream but it's real to me  
In chocolate covered roses and love in massive doses  
In my nutmeg phanta-tasyNutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmeg phantasy, you and me  
Can't you see, you and me  
In my nutty nutmegNutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmeg phantasy, you and me  
Can't you see, you and me  
In my nutty nutmegNutty nutmeg phantasy  
Can't you see, you and me  
In my nutty nutmegAt last you got it
