Eyes Like Diamonds

Davis Coen

Eyes like diamonds
Like diamonds

She's lighting up the floor like the sun rising up
And every where she goes her light is shining
And just one look at her
You can never get enough
I know she got a lot of playas trying

To get to know her, they gon keep on dance right it up
They tryna holla at her
But she knows about the game
The swag is all I got to know just what she's thinking of
Gotta make that move,
Back it up shorty tell me what's your name, name, name, name

She's got eyes like diamonds
The way she shines, and the light is so blinding
She's got eyes like diamonds
And In the dark she's as bright as the lightning
She's got eyes like diamonds [x3]
And in the dark she's as bright as the lightning

Now if things don't feel the same
Theres so much more that I wanna do
In her eyes I know I'd stay forever
The way she moves, her body's like a dream come true
There's something so magical about her

To get to know her, they gon keep on dance right it up
They tryna holla at her
But she knows about the game
The swag is all I got to know just what she's thinking of
Gotta make that move,
Back it up shorty tell me what's your name, name, name, name

She's got eyes like diamonds
The way she shines, and the light's so blinding
She's got eyes like diamonds
And In the dark she's as bright as the lightning

She's got eyes like diamonds [x3]
And in the dark she's bright as the lightning

It's the way she shines so bright
She's got eyes like diamonds
She's got the starline in her eyes
She's got eyes like diamonds
And forever she will shine

She's got eyes like diamonds
The way she shines, and the light is so blinding
She's got eyes like diamonds
And In the dark she's as bright as the lightning
She's got eyes like diamonds [x3]
And in the dark she's bright as the lightning

She's got eyes like diamonds
The way she shines, and the light is so blinding
She's got eyes like diamonds
And In the dark she's as bright as the lightning
She's got eyes like diamonds [x3]
And in the dark she's bright as the lightning
