

# Love Somebody

## Aura

Nobody above you  
Nobody above you  
Nobody above you  
But it's waiting for you Only love somebody  
Love somebody  
Love them when they're honest  
Could you love somebody, love somebody?  
Would you make that promise?  
Could you love somebody, love somebody? I fall down my face, but stand on my feet  
I fall down my face, but stand on my feet  
I fall down, I fall down
