

# Big Mistake

## Dover

Give me one of those  
I'll let time pass  
Need to feel good  
Can't move my arms Why are you in my room?  
Tell me the truth  
Did i strike the pose  
or was it just you? It's just a big mistake  
everybody knows I told you before  
Wanted it all  
Need a new size  
This is so old  
Why are you in my room?  
Tell me the truth  
Did i strike the pose  
or was it just you? You should tell the rest  
to come back and follow...  
Follow me  
I know the right way out  
Forgive me please  
I forgot to swallow  
Everything I'd feel It's just a big mistake  
everybody know  
Just a big mistakes It's just a big mistake  
everybody know  
Just a big mistakes  
Give me one of those  
I'll let time pass  
Need to feel good  
Can't move my arms You should tell the rest  
to come back and follow...  
Follow me  
I know the right way out  
Forgive me please  
I forgot to swallow  
Everything I'd feel It's just a big mistake  
everybody know  
Just a big mistakes It's just a big mistake  
everybody know  
Just a big mistakes

Just a big mistakes

Just a big mistakes

Just a big mistakes
