

I Don't Want to Do Anything (Live MTV Unplugged)

Mary J. Blige

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else Listen baby Every night and day
I dream of another way
to tell you something good
I don't think that I'm understood
You walk away and I frown
With my head hung far down
You tell me what is wrong
You just want to be loved all night long baby If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else You told me a thousand times
That you would be mine, all mine
I do everything for you
But in your smile, I still can't find
And now you tell me this
This is something that I can miss
And all you want to do is to love me for me
And I'll love you for you If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else Now that I know I'm gonna make love to you
So lady open up your heart
And let me in where I belong
If loving you is all that I have to do
Then it won't be wrong baby
Cause we belong together baby Together we will be as one
Just me and you, you you you K Will you love me
M I will love you
K Will you please me
M I will please you
K Girl, don't leave me
M I won't leave you
K Let's make it easy
M I'll make it easy K Will you love me
M I will love you
K Will you please me

M I will please you, you, you
K Girl, don't leave me
M I won't leave you
K Let's make it easy They can take my possessions
No, no, no, no, They can never take your love away from me Oh, see now listen, with every breath I breath
And every beat in my heart
I know that no one, I know that no one
Can tear us apart
(Oh no)
Cause I love you baby
K I love you too
And I need you baby
K I need you to baby Stay with me more than just a day
And you know, you know, you know I love you
Oh yes
Oh you make me feel so good baby
