

He Is the Light

Bryan & Katie Torwalt

I feel the nations of the earth are shaking
There is no power that can match His grace
Lift up your head
Lift up your eyes to see All of creation is waiting and longing
For sons and daughters to declare this truth
Lift up your head
Lift up your voice and sing Chorus:
He is the light
Shining in the darkness
He is the hope
Hope of all the nations
He is the light
He is the light
For all the world to see I feel the faith across the earth is rising
We prophecy about his kingdom come
Just like heaven
All across the earth
