

Set It Off [Acoustic]

Vains of Jenna

All those lines i've written, are they really true?
Are those scribbled lines, how i felt for you?
Emotions became lust when i tasted fame
I can't hold back, i'm just playing the game

I lied to my diary so i could forget
I still got the fire, but there's nothing to regret
I am what i am, and i'm never gonna change
So grab what you can get, before i'm out of range

SET IT OFF, SET IT OFF
Don't need the words from a backseat driver
SET IT OFF, SET IT OFF
Don't you tell me what's right!
Easy come and easy go
Another lie, after the show
SET IT OFF, SET IF OFF

I've got a bad reputation, just from having fun
You're bound to get burned if you're uner my sun
It ain't hard when you're quite naive
Just some fast talk baby, then i'll ask you to leave

The lights out, and you're standing in my way
I want you for the hour, but i don't want you to stay

Lyrics

The backdoor's got a 'no entry' sign
Easy to get in, but when i'm done you're out

SET IT OFF, SET IT OFF
Don't need the words from a backseat driver
SET IT OFF, SET IT OFF
Don't you tell me what's right!
Easy come and easy go
Another lie, after the show
SET IT OFF, SET IF OFF

Yea

Got a problem with this, Punk?

Alright..

As she walked into the room, her appearance made her bloom
When the sun goes down, everything starts to fade again
But remember baby, beauty is a fragile thing

Every flower fades, i'm sorry baby!
But i'll find another garden, to pollute with all my lies

SET IT OFF, SET IT OFF
Yea, yea, yea come on baby
SET IT OFF, SET IT OFF

Oh!

Easy come and easy go
Another lie
SET IT OFF, SET IF OFF
Easy come and easy go!

SET IT OFF, SET IT OFF, SET IT OFF
Mm, mm, oh, oh!
SET IT OFF, SET IT OFF, SET IT OFF
Oh!
