## Kris Keyser

I'm becoming less defined as days go by  
Fading away, well, you might say I'm losing focus  
    Kind of drifting into the abstract  
        In terms of how I see myself  
Sometimes, I think I can see right through myself  
Sometimes, I think I can see right through myself  
    Sometimes, I can see right through myself  
        Less concerned about fitting into the world  
Your world that is, 'cause it doesn't really matter anymore  
    (No, it doesn't really matter anymore)  
        No, it doesn't really matter anymore  
            None of this really matters anymore  
Yes, I am alone but then again I always was  
As far back as I can tell, I think maybe it's because  
    Because you were never really real to begin with  
        I just made you up to hurt myself  
            I just made you up to hurt myself  
                Yeah, and I just made you up to hurt myself  
                    I just made you up to hurt myself  
                        Yeah, and I just made you up to hurt myself  
                            And it worked  
                                Yes, it did  
                                    There is no you, there is only me  
                                    There is no you, there is only me  
                                    There is no fucking you, there is only me  
                                    There is no fucking you, there is only me  
  Only  
  Only  
  Only  
Well, the tiniest little dot caught my eye  
    And it turned out to be a scab  
        And I had this funny feeling  
            Like I just knew it's something bad  
                I just couldn't leave it alone  
                    I kept picking at that scab  
It was a doorway trying to seal itself shut  
    But I climbed through

Now I'm somewhere I am not supposed to be  
And I can see things I know I really shouldn't see  
And now I know why now, now I know why  
Things aren't as pretty on the inside  
There is no you, there is only me  
There is no you, there is only me  
There is no fucking you, there is only me  
There is no fucking you, there is only me  
Only  
Only  
Only  
Only  
Only  
Only  
Only  
Only  
Only
