Grand Canyon

The Stranglers

If I was the Grand Canyon, I'd echo everything you say
But I'm just me, I'm only me and you used to love me that way
So you know how to love me that way
If I was Paul Bunyan, I'd carry you so far away
But I'm just me, I'm only me and you used to love me that way
So you know how to love me that way
If I was the Grand Canyon, I'd echo everything you say
But I'm just me, I'm only me and you used to love me that way
So you know how to love me that way
