

Crying Your Eyes Out (Acoustic)

Diviney

I heard you moved on
but are you happy now?
I just called to tell you
what I should of said before
before it's too late and I don't know how it got to this
you're slipping through my fingertips
you wasted so many tears on me[chorus]
so don't go crying your eyes out
don't sleep with the lights on
don't try to maske sense of things
don't go thinking it's over
I kept all the photos
told my friends when everyhting is said and done
you're the only one I'm sorry now
I'm sorry I'm here
but I had to tell you
I had to tell you life makes no sense
when you disappear and I know we can't come back from this
our hearts went down like sinking ships
you wasted so many tears on me-e-e[chorus]
don't go crying your eyes out
don't sleep with the lights on
don't try to maske sense of things
don't go thinking it's over
I kept all the photos
told my friends when everyhting is said and done
you're the only one so I drank up all my bad luck threw it all away
forgot about the world for an hour or two last night
and you were always worth it
you were always perfect
you were always waiting there for me[chorus]
so don't go crying your eyes out
don't sleep with the lights on
don't try to maske sense of things
don't go thinking it's over
I kept all the photos
told my friends when everyhting is said and done
you're the only one (x3)
