Colorblind

Leona Lewis

i am colorblind
coffee black and egg white
pull me out from insidei am ready
i am ready
i am ready
i am...taffy stuck and tongue-tied
stutter shook and uptight
pull me out from insidei am ready
i am ready
i am ready
i am finei am covered in skin
no one gets to come in
pull me out from insidei am folded
and unfolded
and unfoldingi am colorblind
coffee black and egg white
pull me out from insidei am ready
i am ready
i am readyi am fine
i am fine
i am fine
