

# A Little More Coal On the Fire

## Restless Heart

So you thought without her it would be easy to live  
She wanted more than you were willing to give  
Ah, give and take and blame are all part of the flame  
That burns for the one you want to be with You know a fire is hard to get started  
And even harder to make a good one last  
You'd better believe it's so, you're gonna wind up out in the cold  
When it all goes up in smoke and ashes You better pour a little more coal on the fire  
Send the voice she knows and loves whistlin' down the wire  
If it's love and it's true  
Oh there ain't no doubt what you gotta do  
Pour a little more coal on the fire  
You better pour a little more coal on the fire There ain't nothing as lonely as a loser  
Who refuses to fold a losin' hand  
You'd better believe it's true, 'cause it's a happenin' to you  
You're gonna become a forgotten man You better pour a little more coal on the fire  
Send the voice she knows and loves whistlin' down the wire  
If it's love and it's true  
Oh there ain't no doubt what you gotta do  
Pour a little more coal on the fire I said, "If it's love and it's real"  
Then call her up and tell her just how you feel  
Pour a little more coal on the fire  
Just a little more love  
Just a little more coal  
On the fire, on the fire A little more coal on the fire  
You better pour a little more coal on the fire  
C'mon you better pour a little more coal on the fire  
She knows and loves whistlin' down the wire  
A little more coal on the fire  
On the fire, on the fire
