

Play (feat. Maty Noyes)

SoMo

Pearls on her neck and her black dress on
She don't know I'ma take her home
She don't know I'ma make her feel
Like she ain't never ever felt before
I'm from the rough side, she's from the best
Eyes like that can be dangerous
But I like that, I got interest
I'm thinking that she could be my mistressOoo nah, nah nah nah
I'm fond of the way she likes to play the game
Oh she loves to play the game
Ooo nah nah nah, nah nah
She wanna be, wanna be, wa-wanna be
She wanna be mischievous
Tell me whatcha want and we can play all night
Oh no no no
Ooo nah, nah nah nah
I'm fond of the way she likes to play the game
Oh she loves to play the game
Ooo nah nah nah, nah nah
She wanna be, wanna be, wa-wanna be
She wanna be mischievous
Tell me whatcha want and we can play all night
Oh no no noI know I'm probably out of line butBoy, please lemme unwind
Yeah, you know that I've been working these hips
What makes you think I can't handle this?It's been a long nightWe're gonna be here all night, all nightSo we
can play, we can play if you ain't a lame
You know I'm insane with the game, with the game, game, gameOoo nah, nah nah nah
I'm fond of the way she likes to play the game
Oh she loves to play the game
Ooo nah nah nah, nah nah
She wanna be, wanna be, wa-wanna be
She wanna be mischievous
Tell me whatcha want and we can play all night
Oh no no no
Ooo nah, nah nah nah
I'm fond of the way she likes to play the game
Oh she loves to play the game
Ooo nah nah nah, nah nah
She wanna be, wanna be, wa-wanna be

She wanna be mischievous
Tell me whatcha want and we can play all night
 Oh no no no I say you love the game
 But you never played nobody else like me
 And as far as I can see
 It's changed, once you had a taste
 You will never want nobody else but me
Once you're in, you're into me Ooo nah, nah nah nah
 I'm fond of the way she likes to play the game
 Oh she loves to play the game
 Ooo nah nah nah, nah nah
 She wanna be, wanna be, wa-wanna be
 She wanna be mischievous
 Tell me whatcha want and we can play all night
 Oh no no no
 Ooo nah, nah nah nah
 I'm fond of the way she likes to play the game
 Oh she loves to play the game
 Ooo nah nah nah, nah nah
 She wanna be, wanna be, wa-wanna be
 She wanna be mischievous
 Tell me whatcha want and we can play all night
 Oh no no no Ooo nah nah nah, nah nah
