## I Lied to You

## **Allure of Souls**

Mirror mirror on the wall
Who's the saddest one of them all?
I lied to you
And that's the truth

This lonely madness is killing me
Crucifying my sanity
I lied to you
And that's the truth

I cry my eyes out ever night for you

Look at what you made me do

Now I die, (I die a little every) every day, for you

Look at what you made me do

Silver tears in a pool of love

Gather them up, give to heaven above

I lied to you

And that's the truth

Now I live for you And I die for you
