

# Hell Yeah

## Obie Trice

They say he is lonely  
They ain't got big homie  
Straight from inter scope  
Not all know me  
Only reason he succeeded was reverse in  
Maybe he was . by duck beat .

They say he is lonely  
They ain't got big homie  
Straight from inter scope

Not all know me  
Only reason he succeeded was reverse in  
Maybe he was . by duck beat .stealing my DNA  
. but I don't give a fuck . forever a part of me  
I am gonna have to go on without . highschool  
Hide your IQ average man into a psyche  
You know I got a big homie ?.do it for the team  
It broke my heart . I know who . white is not black  
. you are down for the obvious . knowledge coming up in a ?
