

It's a Small World (RapMania! Mix) [Pop Version]

Fan 3

[Chorus:]

Its a small world after allIts fan
Its fan you know what the name is
Spitting rhymes you know what the game is
I goy some stuff I wanna bring up
I have an album on the way
Just need to love and hug and Brotherly love
What they do to us
Cause you never know who you might meet
Bird or a kid on the streets[Chorus]Life is short and the world is small
You never know when you might fall
Stop the fighting it could last forever
were all here on this earth together[Hook]
Cant we all just get along
hold hands around a fire and sing my song
holla dogg just put a smile on your face
so we can live together
in this happy place[Hook 2]
Everybody get your smile going on
get together and sing my song 2x
United we stand divided we fall
come together we can have a ball[Chorus]So I'm just tryin' to get my point across
I hope you all don't get lost
but if you are its OK cause ill help you out
that's what being friends is all about
In a world so small
lend a hand that well stress a little less Its easy for us to blow it
Don't you just know it
I'll teach you what it is to live
Its the same fundamentals you use to forgive I can teach you what it is to be kind
Just open up and expand your mind[Hook Chorus]I'm a small girl living it up in a small world [2x]
i'm a small small girl livin it up livin it up
[Hook 2]
[Chorus]
