We Live So Fast

Heaven 17

Motion, motion
Use it, use it
Motion, motion
And reach out for tomorrowPlease don't ask me to stay
I'm leaving this town
Don't worry now
Believe me as I believe thatLuck is on my side
The future is mine
If I can find a way through
These strange days of my lifeWe live so fast
Motion, motion
No time to waste
Use it, use itWe live so fast
Motion, motion
Make the first step
And reach out for tomorrowWe live so fast
Motion, motion
We can't stand still
Move it, move itWe live so fast
Motion, motion
Move out of my way
It's time to make it happenThe streets deserted and cold
They're not paved with gold
But I don't care for those who think
Young will still surviveMaking their move
Hoping to prove
That they can face this big city
Small world, big timeWe live so fast
Motion, motion
No time to waste
Use it, use itWe live so fast
Motion, motion
Make the first step
And reach out for tomorrowWe live so fast
Motion, motion
We can't stand still
Move it, move itWe live so fast
Motion, motion
Move out of my way

It's time to make it happenBut now I know their ways
I found my place
Saw their true face
There's nothing to stay for so I'll goI'll pick up the phone
Still searching for home
We life so fast
Alone but not lonely, I move onMotion, motion
Use it, use it
Motion, motion
Make the first step
And reach out for tomorrowWe live so fast
Motion, motion
We can't stand still
Move it, move itWe live so fast
Motion, motion
Move out of my way
It's time to make it happen
