We Live So Fast

Heaven 17

Motion, motion

Use it, use it

Motion, motion

And reach out for tomorrowPlease don't ask me to stay

I'm leaving this town

Don't worry now

Believe me as I believe thatLuck is on my side

The future is mine

If I can find a way through

These strange days of my lifeWe live so fast

Motion, motion

No time to waste

Use it, use itWe live so fast

Motion, motion

Make the first step

And reach out for tomorrowWe live so fast

Motion, motion

We can't stand still

Move it, move itWe live so fast

Motion, motion

Move out of my way

It's time to make it happen The streets deserted and cold

They're not paved with gold

But I don't care for those who think

Young will still surviveMaking their move

Hoping to prove

That they can face this big city

Small world, big timeWe live so fast

Motion, motion

No time to waste

Use it, use itWe live so fast

Motion, motion

Make the first step

And reach out for tomorrowWe live so fast

Motion, motion

We can't stand still

Move it, move itWe live so fast

Motion, motion

Move out of my way

It's time to make it happenBut now I know their ways
I found my place
Saw their true face
There's nothing to stay for so I'll goI'll pick up the phone

Still searching for home

We life so fast

Alone but not lonely, I move on Motion, motion

Use it, use it

Motion, motion

Make the first step

And reach out for tomorrowWe live so fast

Motion, motion

We can't stand still

Move it, move itWe live so fast

Motion, motion

Move out of my way

It's time to make it happen
