

Girl By My Side

Lakefield

Pulling in the driveway in the dead of the night
Calling to my baby to come out for a drive
Passing through the neon-coloured city lights
Rolling â€˜round the corner and weâ€™re out of sight tonight

Flying down the freeway at the speed of sound
Past the city limits so weâ€™ll never be found
Glancing in the rear view as Iâ€™m holding your hand
Weâ€™re never going back there, never turning around tonight

You and I
A girl and a guy
Even if we never make it
Thereâ€™s a chance so we should take it anyway
If youâ€™re right
Thisâ€™ll take all night
And no matter what tonight brings
You and I will be all right tomorrow

Winding through the traffic, we keep going for miles
Pull over to the shoulder and weâ€™ll rest for a while
Money in my pocket and a girl by my side
Doesnâ€™t matter if we make it, just as long as we tried tonight

And I wanted to go fast / But you wanted the feeling to last
Yeah, you wanted to go slow / Making our way back home
