Keyshia Cole

If ya hoes didn't know, my name is Keyshia Cole and I'm a boss[Hook:]

I'm a boss a** b***h, I'm a boss a** b***h

And if ya hoes didn't know it, now ya know it

Yeah[Verse:]

Damn, I done fell in love ova night

And I don't know how it happened

The minute I looked into your eyes I knew

What ya do that fo'?[Pre-Chorus:]

And I don't know how it happened

And I don't care why it happened

Ain't mad that I feel for you (come on)

And I don't know how it happened

And I don't care why it happened

But I ain't mad that I feel for you[Chorus:]

But what ya do that fo'?

You got me trippin' and wait for your call

What ya do that fo'?

Come on, baby, tell me, why ya do it?

Are you really lovin' the way that I'm fallin' fo' ya?

Oh, what ya do that fo'?[Verse 2:]

I don't give a damn what ya think, baby

Cuz it's gonna be me and you, I deserve him, I deserve it

I know I deserve better and then you fell straight down from the heavens

What ya do that fo'?[Pre-Chorus:]

And I don't know how it happened

And I don't care why it happened

Ain't mad that I feel for you (come on)

And I don't know how it happened

And I don't care why it happened

But I ain't mad that I feel for you[Chorus:]

But what ya do that fo'?

You got me trippin' and wait for your call

What ya do that fo'?

Come on, baby, tell me, why ya do it?

Are you really lovin' the way that I'm fallin' fo' ya?

Oh, what ya do that fo'?
