

Oscar The Grouch

The Cool Kids

[Spoken:]Haha yall know what it is

DJ Benzi

Act right or we coming to get it

[Mikey:]Yo check it

Hey yo the disk in

We sittin

I'm listenin

We listenin

The disk out at 6-10

We dip out

After a 14 year oldie

A shorty appoached me

With gold teeth I said

"What's in your mouth?"

& now my fingertips tippin

On the button of ignition

And the mission is to fix the

Transmission & the pistons

You now Im on a roll

Like the man of the Michellin

The Go is my home but

My man is from Michigan

& when I'm fishing for

A line out my brain spawn

Know I'm the man for the mission

Like James Bond

Eating Won Ton soup

On top of Mt. Fuji

Do who be who

Got this track sewn

Like a Coogi suit

Hula Hoop

Hop thru it

Just like a poodle do

Medulla Oblongata is a noodle

Just another term

Im the early bird

& the trees

Your another worm

Hes so cold he could freeze in a ton of fur

[chorus:]Yo Yo what up

aye bro, what's up

you got it like that

you got it like wha-aaat?

This like that like this-this & a

Get down with it or get-get your hands up

(Rocking like a dollar we all got room)

[X2][Chuck:]Im riding through Bel-Air

Like Uncle Phil

Lil Jeff

Philly eagle willing Cunningham

Jersey number 12

& aint no way in hell

Chuck he can undersell

Im selling water at a well

I put that water in that bell

They called that bottled water

pardon all your beg your pardons

Freshest lettuce in the garden

Not saying that the carrots aint fresh tho

Say habale ingle chucky del fresco

Yes no maybe so

Pay me dough

Cause I get it moving like big as sail

On a baby boat

So it aint no way

That I cant be dope

Olympic sevens with that expo starter coat

Or the chalk line raiders jacket

Im like neon de'on

Cause you all know Bo Jacksons

& I know that

you too should know that

we dont need practice

All net from where a throw at

[Chorus:]Yo Yo what up

aye bro, what's up

You got it like that

You got it like wha-aaat

This like that like this- this & a

Get down with it or get-get your hands up

(Rocking like a dollar we all got room)

[X2]
