

Musical Therapy

Voodoo Glow Skulls

Nightmares
Fuckin' nightmares
NightmareSubmerged in a pool of someone else's control
They've taken my emotions and imprisoned my soul
Forgetting my identity, I'm mechanical from head to toe
Waking up in a cold sweat and afraid of my own shadowNightmares
Fuckin' nightmares
NightmaresAnother life that lives in my subconscious mind
One that's keeping me awake with the silence of the night
Visions of disorder flowing through my brain
Having to convince myself I'm not going insaneI'm living in a nightmare can't you see?
I need some musical therapy
I'm living in a nightmare can't you see?
Gimme some musical therapyI'm living in a nightmare can't you see?
I need some musical therapy
I'm living in a nightmare can't you see?
Gimme some musical therapyHuhMusical therapy, that's what I need
Can't you see?
Musical therapy, musical therapyNightmares
Fuckin' nightmares
NightmaresSubmerged in a pool of someone else's control
They've taken my emotions and imprisoned my soul
Forgetting my identity, I'm mechanical from head to toe
Waking up in a cold sweat and afraid of my own shadowI'm living in a nightmare can't you see?
I need some musical therapy
I'm living in a nightmare can't you see?
Gimme some musical therapyI'm living in a nightmare can't you see?
I need some musical therapy
I'm living in a nightmare can't you see?
Gimme some musical therapy
