In Your Honor

Foo Fighters

Can you hear me, hear me screaming Breaking in the muted skies? This thunder heart, like bombs beating Echoing a thousand miles Mine is yours and yours is mine There is no divide In your honor I would die tonight Mine is yours and yours is mine I will sacrifice In your honor I would die tonight For you to feel alive Can you feel me, feel me breathing One last breathe before I close my eyes? This suffering for receiving Deliver me into the other side Mine is yours and yours is mine There is no divide In your honor I would die tonight Mine is yours and yours is mine I will sacrifice In your honor I would die tonight For you to feel alive For you to feel alive For you to feel alive For you to feel alive
