

# Say My Name

Kim Joyce

Now I ain't the type of girl to usually act out  
But there must be some'n in the air tonight - going round  
'Cause I'm cocky feelin' myself  
But boo i could usually do help  
My bodies waiting for you to come and fetch it

Maybe it's the hennesy  
Smooth brown eee and so clean  
Maybe it's just destiny

Now whatever the reason boo  
you got me thinking like

(Chorus)  
take off your clothes  
meet me right  
on the floor  
make your way to the bed  
run your hands through my hair  
grab my waist  
just like that  
grab my hips  
scratch my back  
bite yo lips  
miss ya nameee  
needa love you to you  
say my name

what's your fantasy  
i can take you away  
i can be your genie babe if you rub me the right way

your wish is my command  
i'll serve you up like you've never had  
and I hope you wait your weez babe  
'Cause I'm tryna make it last

Maybe it's the hennesy  
smooth brown eee and so clean

maybe it's just destiny

Whatever the reason you got me feelin'  
(Chorus)

Sweet heart i know u feelin good right about - now  
Shit im feelin good myself  
See we've been going at it for a minute now  
I've been giving you all of myself  
It's cool to take a breather  
Ijust wanna let you know how to finish  
- and I will not finish,

(Chorus)
