

# Rollercoaster

## Donots

Giving in  
Thinking knives into my back  
Lost for words  
Screaming bullets through my head  
Drag me down  
Cause perfect isn't quite enough  
No way out of this rollercoaster rolling over and over and over  
Coming clean  
The hardest part is staying sane  
Join the team  
Nothing to lose, so much to gain  
No surprise  
Again it's me against myself  
Get in line  
This rollercoaster rolling  
Over and over and over  
(Oh no!) Can't stop this rollercoaster-ride  
Never gonna feel just fine  
I can control that feeling  
Can stop this rollercoaster-ride  
It's going on and on  
Precious time is running out, soon it's too late  
Balance lost  
Somebody, put me in my place!
