

# Blueberry Kiss

## Club America

I wanna be alone tonight  
There's nobody home, it's alright  
Even if you hold me tight  
I wanna be alone tonight I wanna be the same again  
Nothing else to win the game, it's the same In a time when you're young  
Everything seems right enough  
There was nothing to fear  
Not alone, not alone I wanna be the same again  
Nothing else to win the game, it's the same  
Even if you're close again  
I wanna be alone today
