

Never Too Far

Granite State

You're with me 'til the bitter end
What we had transcends this experience
Too painful to talk about
So I'll hold it in 'til my heart can mend and be brave enough to love again
A place in time still belongs to us
Stays preserved in my mind
In the memories, there is solace
Oh, never too far away
I won't let time erase one bit of yesterday
'Cause I have learned that nobody can take your place
Though we can never be, I'll keep you close to me
When I remember
Glittering lights, incandescent eyes
Still preserved in my mind
In the memories, I'll find solace
Love, never too far away
I won't let time erase one bit of yesterday
And I have learned that nobody can take your place
Though we can never be, I'll keep you close to me
And I remember
A place in time still belongs to us
Stays preserved in my mind
In the memories, there is solace
Love, never too far away
I won't let time erase one bit of yesterday
'Cause I have learned that nobody can take your place
And though we can never be, I'll think of you and me
Always remember
Love, you're never too far
