

Abalone Sky

Allison Moorer

(*A. Moorer)

Peteybug Tunes (SESAC)

Fall down on me like a feather*

Floating on a breeze

Faintest whisper softest calling

I am on my knees

Lead me to the ledge and let me

Dangle from a limb

I just hang on hear me praying

Oh no not again

Look for heaven out the window

Abalone sky

Scattered pearly shimmer sending

Angels to my side

Helping hasten hopes return to

Free me from your grasp

I just hang on hear me praying

Oh this too shall pass

Scattered pearly shimmer sending

Angels to my side

Look for heaven out the window

Abalone sky
