

# Abalone Sky

## Allison Moorer

(\*A. Moorer)  
Peteybug Tunes (SESAC)  
Fall down on me like a feather\*  
    Floating on a breeze  
    Faintest whisper softest calling  
    I am on my knees  
    Lead me to the ledge and let me  
    Dangle from a limb  
    I just hang on hear me praying  
    Oh no not again  
    Look for heaven out the window  
    Abalone sky  
    Scattered pearly shimmer sending  
    Angels to my side  
    Helping hasten hopes return to  
    Free me from your grasp  
    I just hang on hear me praying  
    Oh this too shall pass  
    Scattered pearly shimmer sending  
    Angels to my side  
    Look for heaven out the window  
    Abalone sky
