

Strange Love

Lana Del Rey

Hey stranger
My strange love
Would you be mine?
Am I what you're dreaming of? Hey stranger
My strange love
What makes you shy?
What makes you fall in love? It's strange - the way we met
A desert road and then
My car had stopped and you pulled up
On your black motorcycle You rode me to the bar
We danced all night under
The Christmas lights in the dark black night
With the lightning and the thunder Ah ah ah ah ah ah ah
Ah ah ah ah ah
Ah ah ah ah ah ah ah Hey stranger
My strange love
Would you be mine?
Am I what you're dreaming of? Hey stranger
My strange love
What makes you shy?
What makes you fall in love? You took me to the edge
A town - that's where you slept
You like it best when no one else
Could find you or could bother You thoughts I smeared your lips
And kissed me on the lips
You held me tight in the TV light
And you said you never loved her Ah ah ah ah ah ah ah
Ah ah ah ah ah
Ah ah ah ah ah ah ah You have a dark cloud like mine
Things that you've seen and drive in time
Let me love you, let me touch you
Let me show you you'll be fine Hey stranger
My strange love
Would you be mine?
Am I what you're dreaming of? Hey stranger
My strange love
What makes you shy?
What makes you fall in love?
