

# Don't Bother Me

## The Damned

I say hello don't think that I don't know  
You're listening to me  
But please don't bother me  
Don't bother me You bought this thing so I would sing  
About that awful nuclear thing  
I hope won't bother me  
Won't bother me Your rolling stones and pop star clones  
Don't even want to hear their moans  
I say don't bother me  
Don't bother me Those men of steel I really feel  
Are quite extremely unreal  
I wish they'd all just fade away So here am I under the sky  
Can I ask you without a lie to  
Please don't bother me  
Don't bother me I'm in a hole just like a mole  
Don't give a toss lady in her mink stole  
Don't bother me  
Don't bother me The people change, they rearrange but stay the same  
It's awfully strange  
But they don't bother me  
Don't bother me Until the day their troubles stray on to my patch  
Like Tony Hatch's 'Crossroads' theme  
Please go away  
Go away No interesting
