

For Michelle

Connor Zwetsch

I've been looking for the answer
I've been waiting for the light
Some things in life sure seem amazing
But that doesn't mean they're right

Now I wish I never fell
Now I wish I never fell
Now I wish I never fell
For Michelle

Short like summer, sweet like candy
Melt away winter snow
I let you in and we got comfortable
But so soon you had to go

Now I wish I never fell
Now I wish I never fell
Now I wish I never fell
For Michelle

And if you held me any longer you would have held me back
But it's kind of hard to move along when love, it ends like that

Now I wish I never fell
Now I wish I never fell
Now I wish I never fell
For Michelle

This one's for Michelle
